State News.

The Eau Claire Press learns that a number of persons have located themselves on the Chippewa below this point, for the purpose of cutting hard wood logs, which they intend rafting and running below, where it is said this kind of lumber is exceedingly scarce, and commands a high price. The Polk county Press says that large numbers of deer have been killed in this county this Fall and Winter. They are very fat, and are just about the best and cheapest meat in the market. The Monticello Tribune says that a package containing \$2,000 for the Bank of Monticello, was taken from a sleigh between this place and Sheboygan on Monday afternoon, and two or three persons are under arrest charged with the abstraction. We do not deem it advisable under the circumstances to give the particulars. The Portage City Register says Columbia county pays its jurors and witnesses in cash, and not in county orders. The two men arrested at Fond du Lac for burglary on the Lewis House, have been bound over in the sum of \$1,000 each. The Beaver Dam Citizen of the 15th says the mercury on the 9th inst. stood at 25 degrees below zero on the north side of Rev. J. J. Mitter's residence. Senator Harris, of Door county, has gone to Washington to urge through the Sturgeon Bay Canal Bill. He will do it if any person can. The Fond du Lac Commonwealth says the enrollment lists in the Provost Marshal's office are very imperfect, and urges their prompt correction. A Freedmen's festival at Whitewater realized \$50. The Fond du Lac Reporter chronicles the loss, on Thursday night, of \$10 worth of sheep, or the part of A. Gernold, by dogs. The Hudson Times is publishing a list of those who pay income and personal tax in that city, together with the amounts they pay. The Soldiers Aid Society of Mineral Point realized \$325 from one entertainment given by them. The propeller "Mineral Rock" brought to Detroit, on her last trip from Eagle Harbor, nine masses of copper, weighing respectively as follows: 11,353, 16,535, 15,380, 16,160, 12,235, 13,570, 16,470, and 12,455. This is the largest cargo of masses ever brought from the Upper Lakes. Two hundred and fifty women and children—not a man among them—refugees from Georgia, recently arrived at Indianapolis, Indiana. They are pitiable objects, and on the sympathy of the kind-hearted. A deserter from the Army of the Potomac executed for desertion, mounted the scaffold smoking a cigar, and taking hold of the rope gave it a pull to see if it was strong enough to hold him. Thirty able-bodied men left the city of Quebec, last week, for the purpose of joining the rebel army under Lee. They will attempt to run the blockade at Wilmington. Spontaneous combustion. A death by spontaneous combustion has not unfrequently occurred, the victims in most cases being fat and aged women of intemperate habits. A case is now going the rounds of a man who had been an habitual drinker for years, who was found standing in an outbuilding completely enveloped in a silver colored flame, like the wick of a candle in its blaze, and being shaken by the shoulder the fire was immediately extinguished, and though nearly all the flesh along the bones, as the veins remained, and the viscera were uninjured by the flames, he died without being conscious of much bodily pain, though he declared he was suffering the torments of hell. Two cases of this kind have occurred in the same town in this vicinity, within thirty years, both of them women, given to constant indulgence in liquor. One of them was found still alive, enveloped in flames which proceeded from the mouth and nostrils; and the other was burned to a mass of greasy ashes, while the walls of the room were covered with a thick coat of lamp black, and the whole house pervaded with a stench that was intolerable. Newburyport Herald. The Death of Mr. Schoenhardt. The noted Indian historian, Henry Rowe Schoolcraft, died yesterday morning at his residence, No. 235 F street, in the 72d year of his age. His works on the lives, characteristics and habits of the Indians, are familiar to all readers, and as he wrote from actual observation, his productions are of the most authentic character, and may be treated as the best authority upon the subject of Indian life and habits. For many years past Mr. Schoolcraft has been severely afflicted, and has been confined to his house, but his mental faculties have at all times been in vigorous operation. He will be buried this afternoon at 2 o'clock, and a large number of distinguished friends will pay him the last sad marks of respect. Washington Republican. A Despatch to the New York Commercial Advertiser says: "So important have the applicants for clerkships become, that the members of Congress have prevailed upon the heads of Departments to declare that henceforth positions will only be given to those who have served honorably in the Union armies. This closes the gates against a horde of young politicians, who are seeking reward for their services during the past campaign. The London correspondent of the New York Tribune says: "The Southern Independence Association in Pitt-Mell wisely closed its doors on Monday when the result of the Presidential election was known, nor has it opened them since! The overwhelming majority for Lincoln fell like a bomb-shell on the secession and their English friends alike. They are 'skeered now and hard to come out.' THE WAR IN TENNESSEE.
NASHVILLE, Dec. 20.—An officer of Gen. Rosseau's staff just from headquarters of Gen. Thomas, arrived last night. He says our forces were then at Spring Hill near Columbia. Hood's army, the remnant of it, was at Duck river, which he was crossing as fast as possible. All our wounded left at Franklin were re-captured. Also all rebels severely wounded, including Gen. Quarles of Tenn., formerly supervisor of banks in this State. Yesterday morning Gen. Hatch captured three guns from a rebel cavalry force at Springfield. Our total captures of artillery from Hood amount to 61 pieces. The losses of Forrest in his attack on Murfreesboro on Thursday last is estimated at 1,500, his wounded falling into our hands. The rebel army from all accounts has become utterly demoralized and unable to make a stand with scarcely any artillery. The telegraph is working to Spring Hill, and trains will run to Franklin this morning. Gen. Schofield was in Columbia yesterday morning. Our total number wounded in the battles of Thursday and Friday will reach but a few over 2,000. FROM FOSTER'S DEPARTMENT. New York, Dec. 20.—Gen. Foster's operations on the Charleston and Savannah R. R. are detailed by the Herald's correspondent of the 9th as follows: "The whole army was advanced to within two hundred yards of the road to cover the operations of a large working party from the 55th Mass., who were sent to cut down a forest 700 ft. to open a range for our artillery. The rebels used their muskets in a vain effort to stop our advance. As soon as the signal was given, the 55th had accomplished their work, and our forces fell back. This the rebels took for a repulse and rushed forward with a yell. They paid dearly for their rashness, as at the proper time they were received with a withering fire and soon afterwards retreated. Our line was then resumed with skirmishers in sight of the railroad. Our artillery has command of the road through the winnow made in the woods by our men. Among the guns in position are some 30-pound parrots. FROM SHERMAN'S EXPEDITION. New York, Dec. 20.—The Herald's Fort McAllister correspondent says of the capture of that fort, that at 4:30 a. m. on the 14th, Gen. Hazen placed his division in position with another division of the 15th corps as a support, and the order was given, when his gallant division marched given, and double quick forward, penetrated the abatis surrounding the work, plunged through the ditch and scaled the parapets of the fort ten feet in height and swarming into the work under a hot fire which, while it cut down many, failed to check the advance, and the work was ours. Most of the garrison bewildered by the sudden sweep of our veterans, surrendered in haste, but others stood by their guns and fought until they were cut down. Not over three minutes elapsed after our veterans leaped the parapets, ere their cheers announced to the eager troops stretched around the doomed city, that the work was done. Our captures were 200 prisoners, 21 heavy guns and a large quantity of ordnance and supplies, besides an open port through which Gen. Sherman can draw all his supplies. New York, Dec. 21.—The steamer Fulton from Port Royal 18th has arrived. Savannah was still in the hands of the rebels. Its surrender had not been demanded up to the time the Fulton sailed. The Palmetto Herald says only one fight of any moment occurred on Sherman's march, which resulted in the flagging of Wheeler. All the railroads out of Savannah are cut and the city is securely invested. FROM SOUTH AMERICA. New York, Dec. 21.—We have received Rio Janeiro dates of the 10th ult. Little or nothing is reported of the views and designs of the Government of Brazil, attendant on the seizure of the pirate Florida in the harbor of Bahia. The official Gazette of the 26th of October, says that by a French packet, the Brazilian Government had sent full directions to its Minister of Legation in Washington, to demand proper satisfaction for the conduct of the commander of the Wauchest. No comments are however published. War continues between Brazil and Uruguay. Gen. Flores appeared before Montevideo with 3,000 men, but retired without assaulting the city. The blockade of Montevideo was ordered by Brazil. The Brazilian minister having notified that foreign vessels to Uruguay would be searched for contraband of war, England denied that there was a war, Brazil being merely engaged in suppressing a rebellion. So that Gen. Flores is not a belligerent but merely a rebel in the eyes of the power which recognizes Jeff. Davis as a belligerent. FROM THE SOUTH. The Richmond Dispatch of the 7th says it is confidently reported that Sherman's forces were in front of Unionville the 16th, and the surrender of Savannah being refused, heavy fighting was going on that day.

FROM GRANT'S ARMY.

HEADQUARTERS ARMY OF THE POTOMAC, Dec. 20.—There is little of interest to report from this army; our commanders seem to be waiting for the result of Sherman's operations, as well as those of the fleet which lately sailed from Ft. Monroe. A good deal of heavy firing has been going on at Dutch Gap canal during the last few days. In front of Petersburg, the enemy a day or two ago opened a new 100 pound gun, and have been industriously engaged in throwing shells at the road trains as they pass a certain point of the road in full view of their gunners, but they have done no damage whatever, nor are they likely to do so unless they show more accuracy. This morning a salute of 100 guns was fired in honor of the great victory of Thomas over Hood. The rebels sullenly threw a few shells in reply, but they did no damage. Last night the pickets on the right of the line were very active, keeping up an exchange of compliments all night. D. MCGREGOR. The Herald's City Point correspondent of the 17th, says the notorious rebel scout, Sergt. Wm. H. Waterbury, of the 3d N. C. cavalry regiment, was mortally wounded on Thursday last. Waterbury has long been known to our authorities as a vigilant and troublesome scout with bravery enough to venture into camp and sagacity enough to avoid detection and elude pursuit. He has infested the country between James river and our left beyond Petersburg all summer and all attempts to entrap him have hitherto failed. Small parties have been sent in his pursuit but he could never be overtaken or identified. But a few weeks ago he came to the White House one morning before sunrise, and brazenly threatened to capture a safeguard. This was within range of three union forts and said to be within minie range of General Meade's headquarters. It appears that Waterbury came to our pickets dressed in Union uniform, representing himself as one of our soldiers, and requesting to be directed to his regiment. Contrary to his expectations, a soldier was sent with him as a guard. On the way he induced the guard to halt to drink, when he seized his musket and made him follow as a prisoner. At night he fell asleep while guarding the Union soldier, who in turn seized the musket and shot him. THE NEW CALL FOR TROOPS. Washington, Tuesday, Dec. 20. A Proclamation by the President of the United States: Whereas, By an act of July, 1864, entitled "An act to further to regulate and provide for the enrollment and calling out of the national forces and for other purposes," it is provided that the President of the United States may, at his discretion, at any time hereafter, call for any number of men as volunteers for the respective terms of one, two and three years, for military service, and that in case the quota, or any part thereof, of any town, township, ward of a city, precinct or election district of a county not so subdivided, shall not be filled within the space of fifty days after such call, the President shall immediately order a draft for one year to fill such quota or any part thereof which may be unfilled; and Whereas, By the credits allowed in accordance with an act of Congress, on the call for five hundred thousand men, made in July, 1864, the number of men to be obtained under that call was reduced to two hundred and forty thousand; and Whereas, The operations of the enemy in certain States have rendered it impracticable to procure from them their full quota of troops under said call; and Whereas, From the foregoing causes but two hundred and forty thousand men have been put in arms, and marine corps, under said call of July 18, 1864, leaving a deficiency on that call of two hundred and sixty thousand men; Now, therefore, I, ABRAHAM LINCOLN, President of the United States of America, in order to supply the deficiency, and to provide for casualties in the military and naval service of the United States, do issue this my call for 300,000 volunteers to serve for one, two or three years. The quotas of States, districts and subdivisions under this call will be assigned by the War Department through the bureau of the Provost Marshal General of the United States, and in case the quota, or any part thereof, of any town, township, ward or city precinct, or the election district of a county not so subdivided, shall not be filled before the 15th day of February, 1865, then a draft shall be made to fill such quota, or any part thereof, under this call, which may be unfilled on the said 15th day of February, 1865. In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed. [L. S.] Done at the City of Washington on this 10th day of December, in the year of our Lord 1864, and of the Independence of the United States of America the eighty-ninth. (Signed) A. LINCOLN. By the President, W. H. SEWARD, Secretary of State. FROM NEW ORLEANS. New Orleans, Dec. 10, via. CAIRO.—Advices from the blockading squadron off Galveston, state that during the week ending the 9th inst., six blockade runners have been captured off the coast of Texas. The report of the capture of the steamship Sonora, is discredited. Two large fires recently occurred at Galveston. The prize money of Mobile Bay amounts to one year's pay for every man engaged in the fights. FROM MEXICO. New York, December 20.—Maximilian, by a proclamation, makes an aggression on the British Colony of Honduras. He declares the peninsula of Yucatan, with the entire territory of the Colony of Honduras, its coasts and islands, incorporated with his empire from the 1st of October last, and England's claims to Honduras are entirely ignored. FROM NEW YORK. New York, December 20.—Gold opened strong under the announcement of another draft, and at 10:30 \$22.25 was bid, but it subsequently declined steadily until it reached \$22.25 this p. m. FROM MISSOURI. St. Louis, Dec. 20.—The loss to steamers by moving ice in the harbor yesterday, is over \$200,000. Insurance about \$50,000.

How Richmond Papers are Obtained.

(Washington Cor. Springfield Republican.) The manner in which the regular files of Richmond papers are obtained would astonish some of the slow people of the country, if they understood it. The government is generally indebted to the newspaper press of the country for its first copies of the leading rebel newspapers. Two days after Jeff. Davis' message was printed in Richmond, a newspaper man here, a Washington correspondent, presented Mr. Lincoln with an advance copy. U. H. Painter, the indefatigable correspondent of the Philadelphia Inquirer, presented Mr. Fessenden with a copy of the report of the rebel Secretary of the Treasury when it was but two days old. On Saturday last, at ten o'clock in the morning, I sat down to a table whereon lay copies of all the Richmond dailies of the previous Thursday. A large proportion of these journals came direct through the lines at Petersburg, but some came direct across the country to Alexandria. Blockade-runners bring them—pickets make exchanges for the New York journals, and in different ways the files are kept perfect. TRAVELERS INSURANCE CO. HARTFORD, CONN., INSURES AGAINST ACCIDENTS!
